- 2nd Butt's Doeland Bilo** Black bitch, feminine, quite well balanced. Could do with a little more length of leg. Reasonable skull, good neck, very good forechest. Strong topline, but tail could be higher set. Very good coat quality, quite good mover from all angles.
- 3rd Davis' Ontulele Follie Bergere** A bitch with outstanding head and beautiful expression, strong in neck, very good front. At this time much too high behind, spoiling the balance. Correct coat, quite a good mover, but also in movement, high behind.

CLASS 122 GRADUATE BITCH

- 1st Davis' Ontulele Empress Eider** Well proportioned, well constructed, sound, no-nonsense bitch. Very attractive head and expression, strong neck, correct topline and tailset. Very good mover, especially from the side. Coat not her fortune.
- 2nd Luvai's Andulus Basalt Girl** Well balanced, elegant, feminine bitch, would like some more skull, ears rather low set. Very good neck, well angulated both ends. Compact body, quite good topline, easy and sound mover. Could make some more use of her tail.
- 3rd Davis' Ontulele Follie Bergere** (as above)

CLASS 123 LIMIT BITCH

- 1st Butt's Abi of Byabani (PAK)** Strong bitch, with plenty of substance. Excellent bone, a bit too deep in brisket, not giving her the ideal length of leg. Strong skull, could do with more stop. Strong neck, excellent forechest. Would like a firmer topline. Excellent tail, strong thighs. Excellent coat, by far the best side movement in the class. Not perfect going away.
- 2nd Miller's Ontulele Willow Warbler** Well proportioned black bitch, pleasing head, could be better filled under the eyes. Good skull. Could do with some more neck and a stronger topline. Quite a good coat, reasonable mover from all angles.
- 3rd Yoder-Maina's Rosinante Fortuna** Big black bitch, could be more feminine all over. Very good width of skull, strong neck, moderately balanced angulation both ends. Firm topline. From her construction, I would have expected more movement. Needs more drive and precision. Very well ribbed. Well handled.

CLASS 124 OPEN BITCH

- 1st Longstaff's Andulus Precious Tiffany** Well balanced, feminine bitch, well proportioned and well constructed. Good width of skull. Could have a happier expression. Strong neck, well set into the shoulders. Strong topline, balanced angulation both ends. Moved medium well, could do with more handling.
- 2nd Davis' Ontulele Dancing Queen** Well balanced bitch, could do with some more substance. I would prefer a stronger head. Good neck and front, could be somewhat firmer in the topline. Quite a good coat. Reasonable mover.
- 3rd Butt's Kyoto of Byabani (PAK)** Rather over-dimensioned, short legged, with plenty of substance. Still feminine, excellent width of skull. Too deep in brisket, coming away in topline. Excellent coat, well handled, energetic mover, but needs stronger topline, also on the move.

CLASS 125 VETERAN BITCH

- 1st Davis' Ontulele Ursula Undress** Beautiful bitch, 8 ½ years old. Excellent proportions, very beautiful head and expression, excellent ears, strong neck, moderate but balanced angulation both ends. Could do with a little more behind, which makes her slightly high behind. Deep and capacious chest, well set, typical tail. Moves very parallel coming and going, and has still retained her side movement and temperament.
- 2nd Davis' Duchess Nutella at Ontulele** Deep and strong bitch, very well balanced, very strong skull, pleasing eyes. Plenty of forechest, deep and capacious body, firm topline, excellent tail. Has lost a little of her sparkle in movement, but keeps her outline. Her coat not her fortune.
- 3rd Davis' Ontulele Tabithatwicht** Black bitch, well balanced. Acceptable skull, but could do with more strength of forechest. Good neck, too narrow in front. Very good topline, tailset and brush. Keeps her balance on the move. Could do with more animation and drive. Very good coat.

CLASS 126 CHAMPION BITCH

- 1st Ch. Ontulele Vision 'n' Velvet** 8 year old beautiful bitch, very well proportioned, good width of skull. Excellent expression, excellent neck into the shoulders. Moderately angulated in front, good balance and topline, good tailset, enough of a brush. Moves very well and enthusiastically. **BOB**
- 2nd Longstaff's Sh. Ch. Andulus Ruby Delight** Well proportioned black bitch, could do with more width of skull. Good neck and topline, needs to carry more weight and to have more width over the loin. Very thin tail, quite good body coat. Moves well from the side, needs to settle in front.

SPRINGER SPANIEL

CLASS 128A LIMIT MIXED

- 1st Huxley's Princess Tallulah (GB)** Workmanlike, energetic, a basically sound bitch, but needs some more elegance and quality for the show ring. Strong skull, rather but in head, strong head could be longer, balance and angulation both ends. Strong body, strong and straight legs, sound efficient mover from the side, but rather wide in both ends, excellent temperament.

ENGLISH SETTER

CLASS 130 CHAMPION DOG

- 1st May's Sh.Ch. Lorien August Heat** Very strong masculine dog, too heavy, carrying far too much weight, quite pleasing head, very friendly temperament, but needs more elegance all the way. His top line is not shapely, falling off too much over the croup with a low tail set. Coat not in show condition, enthusiastic mover, but still rather heavy, and needs more elegance also on the move.

BORDER TERRIER

CLASS 136 CHAMPION DOG

- 1st Foster's Ch. Gigiri Otto** 11 year old masculine dog, typical otter head, very good expression, moderate neck, moderate and balanced angulation both ends, typical body volume, spannable, would prefer some more length of body, good topline and tailset, very good coat quality.

CLASS 146 LIMIT MIXED

- 1st McKay's Troy Ounce** 2 ½ yr old dog, on the fine side, could be somewhat more masculine. Pleasing skull, short muzzle, decidedly overshot. Excellent expression, balanced angulation. I would prefer some more bone. Typical tail, excellent coat and colour, quite a good mover.

CLASS 148 CHAMPION DOG

- 1st Wood's Ch. Ashstock Serengeti Sunset** Strong masculine dog, quite well proportioned. Typical masculine head, ears rather flighty. Strong neck, would prefer more forechest. Good depth and width of body, balanced hind quarters. Moves with a pleasing balance, but rather busy, particularly coming and going.

CLASS 149 OPEN BITCH

- 1st Hubbuls the Angel(GB)** Strong bitch, with typical head. I would not like the muzzle any shorter. Good rose ears, strong neck. Topline should be stronger, acceptable movement, but her underline is spoilt by her enlarged teats. Very bow-legged behind, and a bit wide in front. Overall not quite in show condition.

BOXERS

CLASS 157 PUPPY MIXED

- 1st Tillbury's Kenbru Golden Rod at Tilisuru(GB)** 9 months old, at this time rather leggy, definitely feminine. Excellent skull, would prefer more width of muzzle and jaw. CLASS 160 CHAMPION DOG

- 1st Tillbury's Ch. Tilisuru Gold Marcasite** Strong masculine type, decidedly square. Plenty of bone and substance, excellent size. I would not want any more of it. Moderate forechest, excellent topline and tailset. Well angulated behind, enough bone, could do with some more volume of body. Moves with pleasing balance.
- 2nd Adams' ch. Contessa Poquetta** Big bitch, could be more feminine. Very good skull, unpigmented eyelid disturbs the expression. Could do with some more width of muzzle. Excellent neck, good front. Deep and capacious chest, bordering on barrel-chested. Quite good topline, but falling off too much at the croup, tailset should be higher. Good bone, quite good movement.

3rd Yarinakis' Ch. Tilisuru Ol Akira of Bilty Strong bitch, a bit high on legs and rather plain. Could do with stronger muzzle. Very good bone, deep and capacious chest. Carrying too much weight. Falls off too much over the croup, and the tail is too low set. Could move with more pride and enthusiasm.

ST. BERNARDS

CLASS 164 LIMIT MIXED

1st Galot's Wizard of Oz Dogwatcher Paradise (NL) Masculine dog, very well proportioned in his body, with good length of leg and almost square. Not quite finished in his head, at 2 years old. His eyes could be more open. Good ears, strong neck, very good bone. Excellent topline, moderately angulated behind. Moves quite well from the side, could stabilise coming and going. Would prefer a better bite.

CLASS 165 OPEN DOG

1st Galot's Safari Arthur Quite attractive dog, not big, but masculine enough. Attractive head, with correct stop and pleasing eyes. Would prefer a correct bite. Strong neck, not nearly enough bite. Needs much more weight. Strong topline, balanced angulation behind, very good mover, especially from the side and in the front. Light on his feet, but then he doesn't have too much to carry.
