NOTES TO BREEDERS

AFFIXES

An Affix is a single word of no more than 12 letters which you wish to use as part of each dog's name in registering all litters which you breed.

Unless prohibited by endorsement, it may also be added to the name of a dog previously registered by someone else, at the time when that dog is officially transferred to your ownership.

Only voting members of the EAKC may apply to council for the grant of an Affix.

Once granted, an Affix must be maintained by the payment of an annual fee.

Application for grant of an Affix must be made on a separate form which sets out the further requirements in detail.

PEDIGREES

It is your responsibility as a breeder to issue a Breeder's pedigree of at least four generations to the buyer of each registered puppy in this litter.

A four-generation blank pedigree form for each puppy registered in this litter will be sent to you by the EAKC together with the Certificates of Registration.

The blank pedigree forms are for completion by the breeder, and are not official pedigrees or valid for export purposes.

The breeder's pedigrees should not be returned to the EAKC.

Separate application, accompanied by the relevant fee, must be made for Official Pedigrees, or Export Pedigrees when required.

TRANSFERS

The puppies you register in this litter will be registered in your name as the owner.

The puppies which you sell or give to other people must be officially transferred into their ownership after the date of the physical transfer.

The EAKC will send you an Application for Transfer of Ownership for each puppy registered in this litter.

The EAKC asks that you, obtain the signature of the new owner on the transfer application, and return the completed transfer applications to the EAKC yourself.
